EXPERIENCE

DareData | *Data Scientist & AI Engineer*

Jan 2025 - Present

- **AI Tech Lead**

Leading the design and delivery of production GenAI systems, including agent-based workflows, LLM orchestration, tool use systems, RAG pipelines, document intelligence, and enterprise integration components. Define system architecture, evaluation frameworks, and deployment strategies for scalable enterprise AI solutions.

- **GenAI Engineer – GenOS AI Team**

Contributing to the development of GenOS, DareData's enterprise AI operating system for deploying, orchestrating, monitoring, and governing AI applications at scale. Developing core capabilities in AI agents, workflow automation, evaluation systems, enterprise integrations, knowledge management, and multi-LLM orchestration.

- **Data Scientist & AI Engineer**

Implementing and delivering end-to-end AI, GenAI, and data-driven solutions across multiple enterprise clients in telecommunications, energy, public sector, and shared services environments. Focus on translating business requirements into scalable LLM-based systems, integrating with existing data platforms and enterprise workflows, and ensuring reliability, performance, and maintainability in production settings.

xAI | *AI Tutor – Software Engineering Expert (Contractor)*

Apr 2026 - Present

- Design and evaluate complex programming tasks for state-of-the-art Grok coding models as part of the Human Data Team, analyzing performance, robustness, and failure modes across real-world software engineering scenarios. Contribute structured insights to benchmarks, training signals, and product improvements in collaboration with technical teams.

Sky Portugal | *Software Developer Intern*

Jul 2024 - Aug 2024

- Developed and maintained a Slack bot to automate manual tasks, improving its functionality by migrating the codebase from Python to Kotlin, enhancing code structure and test coverage.

EDUCATION

MSc Degree in Computer Science and Engineering

Sep 2022 - Nov 2024

Instituto Superior Técnico, Lisbon, Portugal

GPA: 18 / 20

- **Master's Thesis** Research on aligning Language Models with Human Feedback without the use of Reinforcement Learning in collaboration with the SARDINE Lab and Unbabel.

Erasmus+ Exchange Student

Oct 2023 - Mar 2024

Technische Universität München, Munich, Germany

BSc Degree in Computer Science and Engineering

Sep 2019 - Jul 2022

Instituto Superior Técnico, Lisbon, Portugal

GPA: 17.43 / 20

SKILLS & LANGUAGE PROFICIENCY

- Programming Languages: **Python** · **SQL** · **Java** · **Kotlin**
- Programming Frameworks: **OpenAI** · **LlamaIndex** · **LangChain** · **pandas** · **PyTorch** · **Tensorflow** · **scikit-learn**
- Languages Spoken: **Portuguese** (Native proficiency) · **English** (Advanced proficiency) · **German** (A1.1)

DIPLOMAS & ACCOLADES

BSc & MSc Degrees | *Instituto Superior Técnico, Lisbon*

- Excellence Diploma - 2021/22
- Merit Diploma - 2022/23, 2020/21 & 2019/20
